

A Unique Education

Cornerstone Christian Academy provides an alternative classroom experience which combines individual instruction with modern technology and innovative new methods to encompass the educational needs of all students. Small class sizes enable our teachers to provide a considerable amount of individual instruction. Because of the personal connection with each student, teachers can better determine to teach, motivate, and encourage different personality types.

God has given CCA a tremendous staff of dedicated men and women who allow God to love the children through them each day.

-Dr. Wilson, Director of CCA

A Challenging Education

Our commitment to meeting the needs of each individual student encourages the use of a variety of curricula including Accelerated Christian Education materials, Alpha Omega Publications, and Abeka curriculum. Each child is tested on entrance to CCA, and annually to monitor progress. Teachers are observant and flexible, always searching new ways to motivate and encourage each child.

At Cornerstone, we do our best and that is how we honor God. The work is enjoyable. When we have hard days, the teachers are there to encourage us.

-Madison Rae Horsley, student

An Affordable Education

We encourage families to consider Christian Education for their child and we understand that this requires a financial sacrifice. We seek to keep Christian Education affordable with reasonable tuition rates and fees, multi-student discounts and other discounts when applicable. We also work with families to find scholarships and other funding sources.

A Family-Oriented

A guiding philosophy of Cornerstone is that parents are the primary educators of their children and the responsibility of teachers is to support and assist parents in this endeavor. We encourage parental involvement as much as possible to assist our teachers and be with their children as they learn.

Parents, teachers and students enjoy education experienced as well as taught.

“One of the things I like most about this school is watching the older students interact with the younger ones.”

- Julie Strobel,

Our Purpose

Cornerstone Christian Academy is committed to the provision of a Christ-centered formal education for the children of concerned families within the Christian community. The ministry of Cornerstone is to assist these families in training and instructing their children, preparing them for effective, godly service.

What We Offer

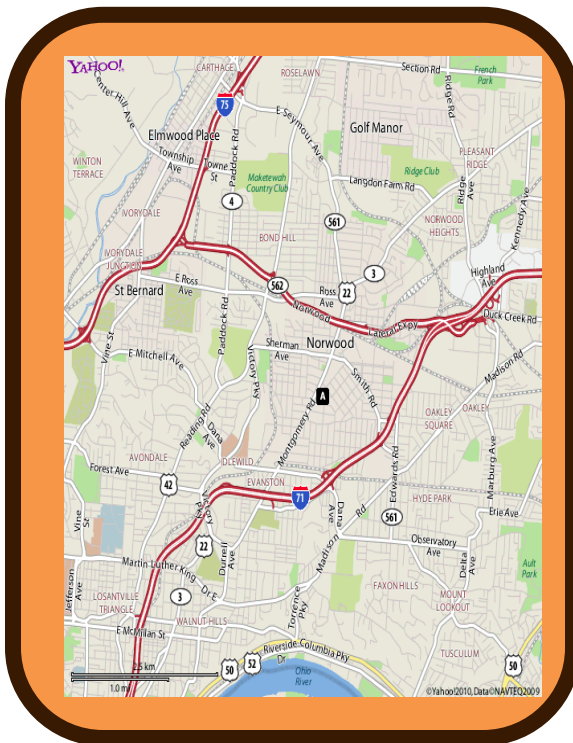

- ✓ A Christ-centered education for Pk – 12th
